

GET YOUR USCG CAPTAIN'S LICENSE IN JUST 3 WEEKENDS • NO COAST GUARD EXAM

MARINERS SCHOOL

Charterboat Captain /OUPV/ Six Pack License

This license is for Captains of Uninspected Vessels less than 100 gross tons carrying up to six passengers for hire plus crew. These are boats that normally engage in Charter Boat Fishing, SCUBA Diving, or Tour Cruises. Uninspected simply means that the equipment required and the design of the vessel are less regulated by the United States Coast Guard than inspected vessels. Candidates must be at least 18 years old and in good physical and mental health. Candidates are required to have at least 360 days of documented sea time to satisfy the Sea Service requirement set forth by the USCG. Depending on Sea Service experience, this license is available in one of three formats:

OUPV Inland License

Requires the minimum of 360 on water days of experience in the operation of vessels. This on water time may be counted from your 15th birthday. At least 90 of the 360 days must have occurred in the last three years. This license is good on vessels up to 100 gross tons. Captains carrying this license are restricted in the operation of vessels to within the Boundary Lines. The term "Inland Waters" refers to those waters shoreward of the boundary line. This license can be upgraded to an OUPV Near Coastal License once you have gained the 90 days experience outside the Boundary Lines.

OUPV Near Coastal License

This license is good on vessels up to 100 gross tons and out to 100 nautical miles. The OUPV Near Coastal License may also be obtained with a minimum of 360 days of documented Sea Service. A minimum of 90 days of this experience must be obtained on Near Coastal Waters. At least 90 of these days must be within the last three years.

Note: Experience can be counted on your own vessel. A Sea Service form and proof of ownership are required. Experience on other persons' vessels can also be counted however, a Sea Service form filled out and signed by the owner must accompany the application verifying experience claimed and vessel details.

Tuition

Deposit:	\$200.00
Tuition Balance :	\$595.00
Total Tuition:	\$795.00
